

Web Development Project – Real Estate Website

Login:

A login form titled "Sign in" is centered on a light purple background. It features two white input fields for "Email address" and "Password". Below the password field is a checkbox labeled "Remember me". A blue button with the text "Sign in" is positioned below the checkbox.

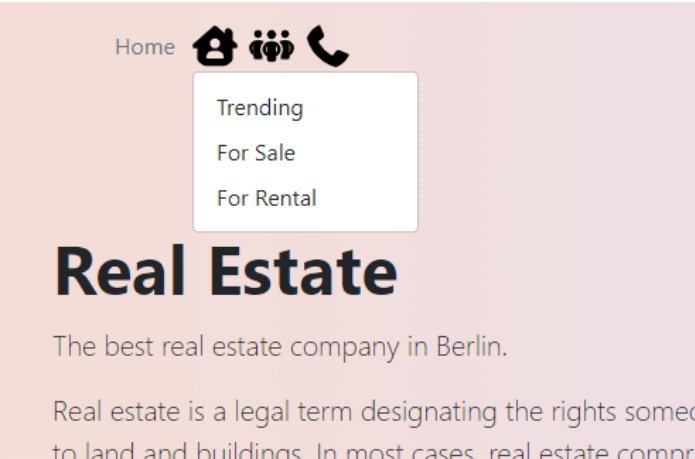

This login was built entirely using bootstrap, for that reason it is fully responsive and can be used in any kind of device.

Home:

The home was also designed using Bootstrap, in that case we develop an minimalist design with a Navbar with icons that let us navigate around the website:
